has not fixed its clear, far searching eye,
and by which it has not triumphantly
proved its powers."

Prof. King's work is clear and concise
in style, and full in its details in reference
to microscopical examinations, so that
even a tyro can acquire an intelligent idea
of the use of the microscope, and as successfully manipulate with it as the philosophic observer. It is admirably adapted

They say the weather is so cold in the
mountains now that they cannot work,
but are going to return after they put up
some buildings here. There are a large
number of persons about to build here, I
understand, and I should not be surprised
to see this place soon outstrip Auraria
and Denver. Large numbers of persons
are leaving Auraria and coming over here
for the purpose of erecting buildings, believing that this place is bound to be the
metropolis of this country. I am told
that all of the buildings are to be of a
good class, being constructed either of
far better than usual for a new undertaksophic observer. It is admirably adapted good class, being constructed either of far better than usual for a new undertakboards or hewn logs, and none of them to ing in a new country. The friends of the is complete, and illustrations ample.

We notice that it has an excellent reputation among the scholars of Cincinnati, receiving high commendation from Prof.

Allen Circ Sangulated and the scholars of Cincinnati, and the scholars of Cincinnati, receiving high commendation from Prof.

The water has very much the taste and men, the Board unanimously agreeing to The water has very much the taste and appearance of the Congress (Saratoga) water. We made some bread, using the water of the spring, without any soda, and we made better light bread than we could make with soda or saleratus. Saleratus sells here for 75cts per pound, so you may judge of the amount saved in using this water for making bread alone.

The work is an octavo volume of 308 pages, and afforded at the low price of \$1.50. Orders may be addressed to C. H. Cleveland, M. D., Cincinnati, O. scenery is beautiful, and although I can monument of the energy and intelligence Encouraging Prospects.
